EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney Jeff D. Limon on February 9, 2005.

The application has been amended as follows:

IN THE SPECIFICATION:

- Page 21:
 - Line 6, changed "means" to --a unit--;
 - Line 7, changed "means" to --device--;
 - Line 8, changed "means" to --unit--.

2. The following is an examiner's statement of reasons for allowance: Claims 6, 33, and 37 are patentable over the prior art patents and printed publications because of the specific method for labeling a storage media, which comprises receiving an indication from the user indicating the size of the label page that includes the label and arranging images in a memory before printing the images onto the entire label page, the images corresponding to the images that have been encoded on said storage medium, and affixing the label onto the storage medium. The combined limitations are not taught by the prior art of record alone or in combination.

Art Unit: 2861

Claims 7-11, 14-17, 34-36 and 39-40 are allowed because they are directly or indirectly dependent from claims 6, 33 and 37 above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
